**RE: Community Technical Assistance Program (CTAP)**

The Community Technical Assistance Program (CTAP) operates under the State of Montana's Department of Commerce. CTAP provides assistance in community planning, subdivision regulation, zoning and capital improvements planning. Training and technical assistance is provided by telephone and internet communication as well as periodic regional workshops. CTAP also has reference materials available on growth policies, model regulations and handbooks available at <http://comdev.mt.gov/Includes/CTAP/traininglibrary.pdf>.

CTAP is here to assist communities across the state of Montana in planning and other related issues including:

- Land-Use
- Zoning
- Subdivisions
- Infrastructure

as well as a wealth of other areas.

MMIA, along with the Montana League of Cities and Towns, has recently sent a copy of the handbook for Title 76.

Complete information concerning CTAP is at [http://comdev.mt.gov/CDD\\_ctap.asp](http://comdev.mt.gov/CDD_ctap.asp) and their staff is ready to assist your community. Call 406.841.2700.
